The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

### Result for Planets in Signs

#### Sun

In your chart, the Sun is placed in sign Sagittarius. You will be a proud-spirited person having lofty ideals and will aim at great things. With your austerity and severity, you will be able to perform some honourable exploits and will receive some distinctive honours. You will have deep interest in studying ancient classics and may have some interest in music as well. You will be religiously inclined and will treat pious people with due respect and honour. You will lead a happy life with your spouse and children.

#### Mercury

In your chart, Mercury is placed in sign Sagittarius. You may have a rash and hasty disposition, but you will soon be reconciled. You will strive after honourable things but will seldom be able to attain them. However, if Jupiter is in conjunction with or aspects Mercury, then you may acquire honourable titles or receive distinctive honours. If Rahu is situated in an angle from Mercury, then you may receive academic distinction. If Mars aspects Mercury, then you may become quarrelsome or argumentative.

#### Venus

In your chart, Venus is placed in sign Capricorn. You will be fair and tolerant in disposition but might be worried on account of your family. You will be fond of enjoyment and may have large appetite. Your unusual interest in the members of the opposite sex might cause you anguish; but you will be able to overcome your enemies. You may suffer from windy and phlegmatic diseases. If Venus is afflicted by malefic planet(s), then you might face some sudden changes in life, even strange catastrophes.

#### Mars

In your chart, Mars is placed in sign Sagittarius. This is a fairly good position -- more so if Jupiter is in own house or remains in sign Aries or Leo. However, if associated with or aspected by malefic planet(s), then you might be involved in quarrels and face oppositions from the authorities. If Mercury is in an angular (kendra) position, you will appear to be very logical; yet you may become very argumentative at times. If Rahu is also conjoined with Mars, then you may have some sort of food-allergy. If your Ascendant falls in Taurus or Gemini, then the health of your spouse might cause you some concern.

### **Jupiter**

In your chart, Jupiter is placed in sign Capricorn. Although this position has not been praised as Jupiter becomes debilitated here, the condition will become improved if Jupiter obtains 'neecha-bhanga' or cancellation of debility. It will make you a clever person with a very practical outlook and you are likely to become more interest-oriented and money-minded. You may have good gains from livestock, forest-products, agricultural produce, etc. If Jupiter is associated with Mars or Saturn or Venus or the Moon, then during sometime in your life you will have influx of wealth from a very unexpected source.

### **Saturn**

In your chart, Saturn is placed in sign Leo. If the Sun is not well-placed, you may face numerous difficulties through diseases and strife through spouse, progeny or kinsfolk. Your servants or employees may become inimically disposed and cause you troubles. Although you will be generous and have a tolerably good disposition, you may not be very valiant or courageous when put to test. You may suffer from cramps or eye diseases and may get entangled in frequent quarrels or a long-drawn law-suit.

### **Moon**

The Moon is situated in sign Virgo in your chart; so your 'Janma-Rashi' (or Chandra-Lagna) is Kanya. Your mental qualities and certain other characteristics will be governed by this feminine, earthy, human and common sign and, to some extent, by its sign-lord Mercury.

Moon in sign Virgo is not considered very beneficial as rather than being practical, you will be bogged by minute details; on the good side, you will tend to concentrate more on literature and arts and you might be fascinated by the journeys to and life in distant lands. Thus, in spite of having some very desirable abilities, your mental inclinations may prevent you to put these in useful applications and your financial gains could only be limited. But if the Moon is involved in some good yoga with other planet(s), then the situation will be much improved and you will perform some really very commendable actions and receive due acclaim.

### **Rahu**

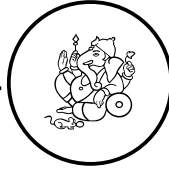

In your chart, Rahu is placed in sign Capricorn. It is a fortunate position as in this place Rahu is praised as 'Royal Rahu'. If Saturn is also well-placed, this might give sudden influx of wealth from partners/ associates or as sanctioned loan from financial institutions like Banks. However, if Rahu is neither associated with nor aspected by benefic planet(s), it might keep you worried and tense as you may not be able to retain the acquired fortune. If the Sun is associated with Rahu or Saturn aspects Rahu, you may become a victim of slander or disrepute; you may even have some problems with the govt. authorities.

### **Ketu**

In your chart, Ketu is placed in sign Cancer. It is a fortunate position. If the Moon is also well-placed, this might give influx of wealth by running a brisk business. However, if Ketu is neither associated with nor aspected by benefic planet(s), it might keep you worried and tense as you may not be able to retain the acquired fortune. If the Sun is associated with Ketu or Saturn aspects Ketu, then you may become a victim of slander or disrepute; you may even have some problems with some govt. authorities. If the Moon is debilitated, then you may have some problems from people of low socio-economic category.

You might have profound interest in arts and science both, have formal education and informal studies in many fields. Ancient classics and complex subjects will attract you greatly. You may become an adept and even gain good proficiency in complex subjects like Astrology, Astronomy, Psychiatry, etc. If Saturn is afflicted, then you should try to stay clear of undue mental strain.

**Neptune**

In your chart, Neptune is placed in sign Capricorn. If Neptune is neither associated with nor aspected by Jupiter or Venus and Saturn is also not in strength, then it may make the physical features disproportionate : like a smaller head on a developed trunk. If Neptune is afflicted by malefic planet(s), then you may be somewhat avaricious and may not be averse to making sharp deals.

**Pluto**

In your chart, Pluto is placed in sign Sagittarius. It will impart an unique 'carefully careless' nature and you may have to fiddle it through the ups and downs of life. If associated with or aspected by benefic planet(s), it will make you considerably interested by philosophy and religion. But if associated with or aspected by malefic planet(s), it make impart a boastful nature and gambling tendencies.

## Prediction On The Basis of Bhavas

### Ascendant Lord

In your chart, the Ascendant-lord is situated in the ninth house, which is called the house of fortune (Bhagya). Besides, this house has governance over line of descent, father, preceptor, deity, past destiny, virtuous deeds, prayer, worship, auspiciousness, etc. In case of male persons, it rules over grandchildren and in case of female persons, it rules over the prospect of begetting progeny. This is a highly favourable position and you will be exceedingly fortunate. You will be close to your father, will be religious minded, take part in religious activities and will remain engaged in performing virtuous and philanthropic deeds. You will be a learned person, study sacred classics, take part in religious discourses and will treat preceptors and pious people with great respect. You will live a long life which will be full of peace, happiness and satisfaction; your children will be worthy and dutiful while your grandchildren will be a source of pride and joy. As this house also rules over long/ foreign journeys and pilgrimage, you will have many such journeys on academic, cultural or religious errand and may visit various holy pilgrim centres. People will treat you with great respect and seek your valuable advice and guidance. If your Ascendant is Leo or Aquarius, then as your Ascendant-lord will be exalted, you will be highly fortunate.

### Lord of 2nd House

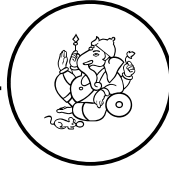

In your chart, the second-lord is situated in the eighth house, which is called the house of longevity (Ayus). This is a good position as the 2nd-lord aspects it's own house and thereby ensures good inflow of earnings; this position also favours 'application-oriented' education and it may make you an entrepreneur. You will be fortunate in respect of inheritance, receiving dowries or gains from marriage-relations or from business-partners, in respect of your profession and earnings, gains from insurance sources and also in respect of receiving large sums as loans from financial institutions for investment purposes. However, this position may give changes in profession which may occur quite suddenly and abruptly. Besides, you may have to face blockage of funds during some time in your life, probably resulting from some law-suit and your relationship with some of your relatives might be affected. If a natural malefic planet is also situated with your 2nd-lord or aspects it, then you may incur big losses owing to unwise speculative investments -- this is more so if the malefic planet is either Rahu or Saturn.

### Lord of 3rd House

In your chart, the third-lord is situated in the fifth house, which is called the house of merit (Purva-punya). Although this position is not very good for the health and well-being of your mother, this position is highly favourable for the professional prospect of your own children -- this is more so if the 5th-lord is also well-placed; this position favours good gains from speculative investments also. However, if your Ascendant is Sagittarius, you may not be very fortunate as the 3rd-lord will be debilitated in the 5th. In your own sphere of profession, although during the initial years you may have to struggle, owing to sudden change of circumstances you may be able to secure a high rise and come up in life; you are apt to become very popular and become widely known as a self-made person. If the 3rd-lord is associated with or aspected by a natural benefic planet, then you are likely to take a big risk and start a new venture which will produce rich harvests in time; but if the 3rd-lord is associated with or aspected by a natural malefic planet and the 5th-lord is also weak, then your endeavours might be wasted and you may incur losses.

### Lord of 4th House

In your chart, the fourth-lord is situated in the eighth house, which is called the house of longevity (Ayus). You must need to be specially careful when you will be crossing over the bridges or will remain on or over the surface of large watery bodies like lakes, rivers, etc -- more so if you are a male person. This position is never good as chances of drowning is feared -- which may even lead to tragic death prematurely -- unless modifying combinations are present in the chart. Worst becomes the case if the Ascendant is Aries as the 4th-lord Moon, becomes debilitated in the 8th. However, the condition will be considerably improved if Jupiter or Venus is situated in or aspects the

8th house while opposite would be the result if the 8th house is influenced by a natural malefic planet. If the Moon is either associated with or aspected by a natural malefic planet, you may lack peace of mind altogether and the health of your mother might cause you serious concern. If Mercury is ill-placed, education might be affected; but if Mercury is well-placed, it will give 'application-oriented' education and you may have interest in occult subjects. If Mars is associated with or aspected by a natural malefic planet, there could be quarrels in your family and chances of losing property through impetuous capturing, litigation or calamitous happening will hang on.

### Lord of 5th House

In your chart, the fifth-lord is situated in the eighth house, which is called the house of longevity (Ayus). Although this position is good for education and may make you interested in the occult subjects, it is unfavourable for securing a good position or for gaining promotion; unless the 8th-lord is well-placed, you may find difficulty to continue in service for long and you might be transferred or may have job-changes. If your Ascendant is either Leo or Aquarius, then you will be very fortunate as your 5th-lord will be in own-house in the 8th for which you will enjoy the favourable results of 'Veepareeta Raja Yoga'. In other cases, you should refrain from speculative investments since losses are feared. If a natural malefic planet is situated in the 8th or aspects it, then during sometime in your life, you may lose your discriminations and get entangled into disputes or quarrels with powerful persons. This position indicates difficult child-birth unless a natural benefic planet is situated in or aspects the 5th (if you are male) or the 9th (if you are female). When children are born, their state of health may become very delicate and they may need special care; however, they would pick up when they grow up and they would do well with their studies. If either Rahu or Ketu is also in the 8th, then you may suffer from un-natural fear of ghosts, etc.

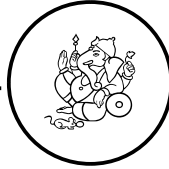

### Lord of 6th House

In your chart, the sixth-lord is situated in the ninth house, which is called the house of fortune (Bhagya). If your Ascendant is Capricorn, then the 6th-lord Mercury who is the 9th-lord also will be exalted in the 9th; this will make you fortunate in respect of your father and also in respect of higher education which might be medicine. If your Ascendant is Cancer, the 6th-lord Jupiter who will be the 9th-lord also will be in own house in the 9th and offer similar beneficial results. You may do well in a distant place or foreign country and may become employed in educational establishments. Otherwise, the position is not very good as you may not be very fortunate. You might be in service with meagre earnings and your prospects could be limited. However, if the 9th-lord is in own house, you may win in competitive examinations and be well-placed in service; if a natural benefic planet is situated in the 9th or aspects it, then you might be in lucrative employment. Besides, you will remain in good health, your relationship with your relatives will be very cordial and you may receive benefits from your relatives. But if a natural malefic planet is situated in the 9th or aspects it, then you may not be very fortunate; you may have job-changes quite a few times, have to live in distant places but still may not be able to improve your fortune much.

### Lord of 7th House

In your chart, the seventh-lord is situated in the eighth house, which is called the house of longevity (Ayus). If your Ascendant is Cancer, then your 7th-lord will be the 8th-lord too and for being placed in own-sign will make your longevity high. If your Ascendant is either Aries or Libra, then the 7th-lord will become the 2nd-lord too, aspecting its own sign which will make you fortunate in respect of your family and wealth. Otherwise, this is not a very favourable position and if a natural benefic planet is neither situated in your 7th house nor aspects it, then your spouse may suffer blood-shed or blood-loss owing to facing an accidental mishap or for undergoing surgical treatment -- more so if Mars or Ketu is also situated in the 8th house. If you are in business, you may face a set-back -- more so if your 10th-lord is also not well-placed; if you have a partner, then he/ she might be selfish and greedy. If a natural malefic planet is situated in the 7th house or aspects it while neither Venus nor Jupiter is well-placed, then you may have a long-drawn law-suit. If your Ascendant-lord is also not well-placed or if a natural malefic planet is either situated in the Ascendant or aspects it, then you may run the risk of receiving accidental injuries.

### Lord of 8th House

In your chart, the eighth-lord is situated in the ninth house, which is called the house of fortune (Bhagya). Besides, the 9th house rules over father, fortune, foreign countries, etc. As the 9th is the 12th from the 9th, you may not be very fortunate; your father may meet with some misfortune or losses -- more so if the 9th-lord is not well-disposed. If you are a female person, then you may have difficult child-birth -- more so if Jupiter is not well-disposed. This position does not favour staying in a distant inland place or a foreign country for long durations wherein you may face some untoward happenings and might be forced to return back suddenly. As the 9th house indicates higher education and researches, you may have some interruption and your higher studies or researches may not be completed and you may become very unhappy. As the 8th is the 11th from the 10th while the 9th is the 12th from it, in your sphere of profession, some of your friends may become your enemies and you may be transferred to a distant place; if your 5th house is not well-disposed, then you may lose an opportunity of securing a prestigious position. However, you will be religious-minded and may find pleasure in your pursuit of studying occult subjects.

### Lord of 9th House

In your chart, the ninth-lord is situated in the fourth house, which is called the house of happiness (Sukha). As a trikona-lord placed in a kendra house, the 9th-lord becomes a temporal 'yoga-karaka'; it favours material prosperity; it will make you very active and fortunate as well. This position favours higher education in some 'application-oriented' field -- more so if Mercury is also well-placed. As the 4th indicates profits while the 9th rules over foreign countries, you may earn good profits from foreign sources. If Venus is also well-placed, then fashionable dresses or designer jewellery could be favourable commodities for dealing in. If your Ascendant is Aquarius or Leo, then the 9th-lord will be the 4th-lord as well, for which an auspicious 'Pancha-Mahapurusha Yoga' will be generated; your wealth and material possessions will be ever-waxing. Although this position will make your father long-lived, your mother may suffer from diseases -- unless the Moon is well-placed. This position makes one a book-lover and an ardent collector of objects of interest. Depending on the planet influencing the 4th house, you may have your fortune from the various 4th house significations like building construction (Mars), educational institutions/ books (Mercury), agriculture/ farming (Jupiter), vehicles/ transport (Venus), mines/ minerals (Saturn), etc.

### Lord of 10th House

In your chart, the tenth-lord is situated in the fourth house, which is called the house of happiness (Sukha). This is a highly favourable combination; you will be a highly active person and will be fortunate in respect of your profession as the 10th-lord aspecting its own-house will make you fortunate in respect of your profession. You will do well in your birth/ native place -- more so if the 4th-lord is well-placed; if your 7th-lord is well-placed, then you may successfully run your own establishment. Different results are given by the various planets when well-placed in the 4th : if it's the Sun, then dealing in gold ornaments or wooden furnitures; if it's the Moon, then dealing in silver ornaments or medicine and/ or public utility goods; if it's Mars, then you may run a hotel/ restaurant or may become a property-dealer; if it's Mercury, then you may be in teaching profession or run a coaching/ training institute; if it's Jupiter, then you will be engaged in a respectable profession; if it's Venus, then you may be engaged in designing fashionable dresses or deal in precious gem-stones; if it's Saturn, then you may be dealing in agricultural produce or minerals. If your Ascendant is Sagittarius, then the 10th-lord, which is the 7th-lord also, will be debilitated in the 4th; if Jupiter or Venus is not well-placed, then although you may earn well, you may be engaged in a not-so-very-honourable trade like dealing in fish or footwear; you may not be well-educated or your spouse may not hail from a respectable family -- unless modifying influences operate in your chart.

### Lord of 11th House

In your chart, the eleventh-lord is situated in the ninth house, which is called the house of fortune (Bhagya). This is a highly beneficial position and you will be exceedingly fortunate. As the 11th house rules over earnings and the 9th house rules over fortune while the 9th is the 11th from 11th, it gives rise to an auspicious 'Dhana Yoga' which bestows influx of wealth from various sources. As the 9th house rules over foreign countries and distant inland places, your earnings are likely to accrue from such sources. As the 9th and the 11th both rules over long-distance and foreign journeys, you may travel a lot for pleasure and profit. This position gives you good education also

and as the 9th house governs over publications, you may do well in publishing business or a number of books written by you might be published for which you would receive high acclaim. As the 11th rules over ambition and realization, some of your ambitions will be realized and your cherished desires will be fulfilled. As the 11th is the 8th from the 4th while the 9th is the 6th from the 4th, it gives 'Veepareeta Raja Yoga' for your mother from whom also you will have much gains as she is destined to rise to a high position in society. If your Ascendant is Cancer or Virgo, the position will produce harvests in abundance since the 11th-lord will become exalted.

### Lord of 12th House

In your chart, the twelfth-lord is situated in the eighth house, which is called the house of longevity (Ayus). This is a favourable combination in respect of having material gains as a trika-lord situated in another trika house gives rise to beneficial 'Veepareeta Raja Yoga'. This yoga favours having sudden gains from unexpected sources but this happens in a place quite far away from the birth or native place. But for its peculiar attribute, you may tend to live dangerously and you may have some secret enemies in your circle who might seek to cause you harm. You will possess a special ability to effectively utilise any available opportunity; but you may have to use dubious methods for fulfilling your purpose, which may later create problems for you. You may tend to take big risks and consequently may remain in perpetual tension. Although normally you will remain in good health and high spirits, accidental mishaps might occasionally lead you to bed-ridden condition and you may need hospitalization for short-durations.

If a natural benefic planet is situated in the 12th house or aspects it, you may become very extravagant; but

if a natural malefic planet is placed in the 12th house or aspects it, you may run the risk of incurring losses.

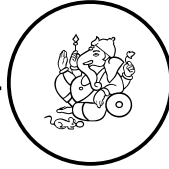

## Results for Planets in Houses

If your Ascendant is Virgo, then the exalted Sun as 12th-lord situated in the 8th will generate 'Veepareeta Raja Yoga' and will give you riches through inheritance. If your Ascendant is Capricorn, then the Sun will be in own-house in the 8th; this will give you high longevity and you will be fortunate in respect of your father who will be very wealthy. However, if your Ascendant is Pisces, then the debilitated Sun situated in the 8th might cause you suffer from health-problems and you may receive injuries for facing accidental mishaps; alternately, you may have some disputes with the government authorities and if Venus is afflicted, then you may get entangled in a long-drawn law-suit. If any planet is situated close to the Sun, then you may suffer from eye-diseases. If the Sun is situated close to the 8th-cusp, then your health might be weak and your longevity may not be high; the position will however be improved if a natural benefic planet is with the Sun or aspects it but if Saturn or Mars aspects the Sun, then you may become a victim of slander and disrepute.

### Mercury

If your Ascendant is Aquarius or Scorpio, then Mercury strongly placed in the 8th will give you high longevity, good gains through inheritance and a happy married life; but if your Ascendant is Leo -- unless Jupiter is well-placed -- debilitated Mercury will cause ill-health, loss of fortune and unhappiness in marriage. If Mercury is 'combust', you may suffer from eye-diseases. If Mercury is situated close to a natural malefic planet or aspected by it and if you are male, then you may suffer from embarrassing diseases like dropsy of the scrotum; but if you are female, then you may suffer from uneasy irritations or itchy patches may affect the regions near private parts. You will be fond of music and fine arts and will be a patron of all that tend to beautify and enliven life. All these qualities will be more pronounced if your Ascendant is Cancer or Virgo or Aquarius, since in such cases Venus will gain strength for being exalted or in own house. You might be engaged or interested in artistic pursuits and will enjoy the pleasures of owning attractive vehicles and costly audio/ video systems. If Mars is situated in an angular position in your horoscope (in the Ascendant or the 4th or the 7th or the 10th), then you may specially enjoy driving fast cars/ bikes. You will be fortunate in respect of having a wealthy father and you will enjoy all the luxurious paraphernalia of life -- this will be more so if the Sun is also well-placed. But if your Ascendant happens to be Capricorn, then you may not be very fortunate in respect of your father and/ or children as Venus will be debilitated; besides, you may lose your fortune through unwise investments. However, if Mercury is well-placed, or if the Sun is with it, or if Jupiter is with it or aspects it, then the situation will be much improved.

### **Mars**

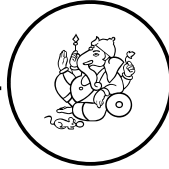

Since Mars is situated in your 8th house -- unless Mars is exalted or is situated in own-house or is associated with or aspected by a natural benefic planet -- you are more apt to live dangerously -- in quite a literal sense of the term -- and during your active life you may find special pleasure by playing with fire. It will be more so if you are a male person; you may actively take part in adventurous explorations and/ or may become adept in martial arts. If a natural malefic planet is with it or aspect it, then you may take part in physical combat and might even be tempted to take the law into your own hands. If the 8th-lord is well-placed and the Ascendant-lord is also similarly disposed, you won't have the risk of facing a premature exit to the other world. If your Ascendant is Gemini, then exalted Mars in the 8th might give you a hair-breadth escape while if your Ascendant is either Aries or Virgo, then own-house Mars will save your life -- if there are no affliction in your chart. If your Ascendant is Sagittarius, then you may face a serious accidental mishap in a far-away place and if a natural benefic planet is with Mars or aspects it, you will pull through. In other cases, if another malefic planet or the Moon is close to Mars, you may have to face a violent end.

### **Jupiter**

Since Jupiter is situated in your 9th house, you will be a highly fortunate person and dame fortune will always be smiling on you; this will be more so if Jupiter is exalted or in own house which would be the case if your Ascendant is Aries or Cancer or Scorpio. From the 9th (= fortune), as Jupiter will be aspecting your Ascendant (= body and general affairs), the 3rd (=lower mind) and the 5th (= merit), it will protect you with divine grace and you will be blessed with dutiful and worthy children since it is the natural significator. You will be much inclined to religion and regularly take part in performing religious rites, will be a well-educated and learned person, will have many fruitful journeys to long-distance places and pilgrim centres. You may go to foreign countries on an academic, cultural or religious mission and receive honours; alternately, you may have good gains from such places. If the 9th-lord is well-placed and the Sun is also similarly disposed, then your father will be a famous and dignified person who would be moving in high circles. People will always hold in high esteem and your reputation and honour will be ever-lasting. You will be engaged in studying religious classics and dissemination of holy preachings.

### **Saturn**

Since Saturn is situated in your 4th house, you may tend to be tied down to the same place which could be to your detriment and unless Saturn is exalted or in it's own house, you may face some problems in connection with your house, agricultural land or property matters. This position can make you very much concerned about furthering your own interests and as Saturn aspects the 10th house, it gives you an unique ability to divert people's attention which might work well for long but

finally would take you to face the 'wall of stone'. If the 4th-lord or Mars is well-placed, then you will be fortunate in respect of property-matters but Saturn in 4th can act as a 'thorn in the flesh'. If your Ascendant is Cancer, then Saturn will be exalted in the 4th and if your Ascendant is either Libra or Scorpio, then it will be in own-house in the 4th; in all these cases, you will enjoy the beneficial effects of 'Pancha Maha-purusha Yoga' which will make your prosperity ever-waxing. If your Ascendant is Capricorn, then debilitated Saturn may give you some problems and you may suffer from some disease affecting your head; but if Mars is well-placed or if a natural benefic planet is situated in the 4th or aspects it, then the situation will be considerably improved.

### **Moon**

Since the Moon is situated in your 5th house, you will be very fortunate in many respects -- more so if the Moon is 'waxing' and if your Ascendant is Capricorn as the Moon will be exalted or if your Ascendant is Pisces as the Moon will be in own house; you may have a fertile imagination and artistic inclinations. If your Ascendant is Cancer, the Moon will be debilitated and if it obtains 'neecha-bhanga' (cancellation of debility), you will be fairly rich and well-placed in life; but, in spite of being financially well-off, you may not obtain very favourable results in certain respects -- unless Mars or Jupiter is well-placed. If Mercury is well-placed, you will have good education and may have some gains from speculative investments. If Jupiter or Venus is situated with the Moon or aspects it, then you will be fortunate in respect of your children; opposite will be the results if it is under the influence of natural malefic planets.

### **Rahu**

Since Rahu is situated in your 9th house, you will be fortunate if your Ascendant is Taurus or Gemini or Virgo or Capricorn, or if the 9th-lord is well-placed, or if Rahu is either associated with or aspected by a natural benefic planet. But if your Ascendant is Pisces, then you may not be fortunate in respect of all affairs in general -- unless Mars is well-placed in your chart. If the Sun is not well-placed, then your father might lose his fortune and become distressed during sometime in your early life. If the Moon is well-placed and the 6th-lord is situated in the 4th or the 5th, then you may have medical education but if the Moon is weak and a natural malefic planet is situated in the 6th or aspects it, then you may suffer from some disease which would be difficult to diagnose and will tend to aggravate intermittently. If Rahu is associated with or aspected by the Sun or Jupiter, you will be religious-minded but if it is associated with or aspected by Mars or Saturn, then you might be quite un-orthodox in your beliefs and may prefer the company of people of different community or religion and gradually acquire their habits which will be the cause of some concern to your relatives or friends. You are likely to opt for a self-selected life-companion.

### **Ketu**

Since Ketu is situated in your 3rd house, it will make you bold and courageous but it can give a somewhat fault-finding and quarrelsome nature; you should try your level best for avoiding this undesirable tendency or you may gradually lose your popularity. This position is not favourable for health and well-being of your next younger co-born. If the Moon is also situated in the 3rd house, the physical or mental health of your mother may cause you some concern but if Mars is situated there, then you may have an ungovernable temper and may have some problem from fire and poisonous drugs or corrosive chemicals.

If Ketu is situated in the own star or that of Jupiter, then you will have religious inclinations but if it is situated in the star of another retrograde malefic planet, then you may be prone to face accidental mishaps; if Ketu is situated in Rahu's star, then you might have serious problems with some undesirable characters.

### **Uranus**

Since Uranus is situated in your 10th house, originality will be your marked feature and you may favour eccentric pursuits. You may have estrangement from your parents and kindred and might be in the habit of getting into difficulties with your superiors or employers for which you may have a checkered career. If you are in government service or in business, you may face opposition from public functionaries or government bodies and might be forced to have a change in occupation. Lure of speculative investment might also lead you astray or you may completely unnecessarily leave a

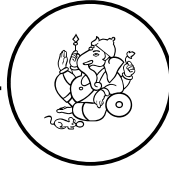

stable job by being thoroughly occupied by the fanciful prospect of getting rich double-quick through business in spite of the fact that you may not have adequate competence or you may lack sufficient resources. However, if the 10th-lord is well-placed or if Jupiter or Venus is in the 10th or aspects it, the results will be considerably modified for the better. If your Ascendant is Virgo or Pisces, you may have two occupations simultaneously; while you might be in service somewhere, you may pursue an independent business as an agent, consultant or advisor.

### **Neptune**

Since Neptune is situated in your 9th house, you are likely to be highly impressionable and possess a simulative, visionary nature. If Neptune is situated in a watery sign (Cancer or Scorpio or Pisces) or if the Moon or Jupiter or Venus is associated with it or aspects it, then you may even possess psychic faculties and if Mercury is also well-disposed, you may become a clairvoyant. You may have strange dreams and curious forebodings; if the Moon and Mercury both are afflicted by natural malefic planets in your chart by association or aspect, then you may have chaotic religious mania and might run the risk of having mental derangement. If Jupiter is weak or afflicted in your chart, then you may lose legal suits owing to fraud by trustees but if Venus is weak or afflicted instead, then your loss in legal battle might be designed by cunning people in collaboration with dishonest lawyers. Uranus in close conjunction or square or opposition might bring in unexpected troubles of very serious sort making you suffer for a long duration. If Neptune is retrograde, then you may have great disappointments and face difficulties in foreign countries.

### **Pluto**

Since Pluto is situated in your 8th house, you are more apt to live dangerously -- in quite a literal sense of the term -- and during your active life you may find special pleasure by playing with fire. It will be more so if you are a male person; you may actively take part in adventurous explorations and/ or may become adept in martial arts. If a natural malefic planet is with it or aspect it, then you may take part in physical combat and might even be tempted to take the law into your own hands. If the 8th-lord is well-placed and the Ascendant-lord is also similarly disposed, you won't have the risk of facing a premature exit to the other world. If the 8th-lord is not well-placed, then you may face a serious accidental mishap in a far-away place or face a calamitous disaster; but if a natural benefic planet is with Pluto or aspects it, you will pull through. If another malefic planet or the Moon is close to Pluto, you may have the risk of facing a violent end or you may suddenly disappear either by personal choice or owing to actions of your enemies. If your 10th-lord is well-placed and Mars is also strong, then you may do well in active services like fire-fighting, explosives detection squad, disaster management, etc for which you may receive special honour.

## Result For Birth Nakshatra

### General Details

You will be very intelligent and peace loving. When Saturn afflicts Moon i.e. either by way of aspect from exactly 180.00 degree to 185.00 degree of the zodiac or Saturn is in conjunction with the Moon, it is seen that you will be very clever or show little respect to other people's feelings and emotions.

There is a hidden inherent godly gift for this Nakshatra born i.e. the ideas or opinion or advice expressed by you would initially appear to be a sheer nonsense but later on the same idea or opinion or advice will only be prevailed upon. There is also an inherent gift of intuition. Hence you will be the type of person who is very much fit for the astrological profession where intuition is very much needed.

In some cases it is also noticed that you may quite often see a lot of events in your dreams, which may actually become true. This would indirectly indicate that a divine power is automatically installed in the brain of Citra born.

You are not the type of person who will bother yourself with what other people say, do or think. But you will be helpful to the needy and treat them with compassion and kindness. Quite often you may be mistaken as arrogant and snob, but obviously not by the people who know you. You must think twice before speaking, as impulsive and prudish utterances may cause unnecessary discomfort and embarrassment.

Your enemies and foes may try to corner you at every step, but you will be able to crush their bids and destroy their traps. You will have a soft corner for the downtrodden and the less fortunate. You will devote your time and energy for their betterment. It is more particularly so when Saturn aspects Mars from the 180 degree to 187 degree of the zodiac.

The period between 33 years and 54 years of age will be the golden period for you. You will experience tremendous material and spiritual growth and prosperity.

One of the points noticed is that your father, in spite of separation from you, will have some distinct identity of his own i.e. will be famous or known in a particular field. mother and enjoy benefits from the maternal side.
